6.4 to 6.9 miles

Start at MP 44.4, Crescent Rock Overlook.

Hike down Cedar Run for 3.1 miles.

Turn left onto Whiteoak Canyon Trail and hike uphill 0.2 mile, crossing Whiteoak Run.

Look for a place to camp in the next 0.5 mile; you may not camp above the intersection with Cedar Run/Whiteoak Link Trail. Pre-existing campsites are mostly in the ¼ mile below the Link Trail.

Day Two

Turn left onto Limberlost Trail for about 0.4 mile.

Turn left onto Crescent Rock Trail, 1.1 miles to vehicle.

Notes

Whiteoak Canyon is a beautiful place, but it is currently receiving extraordinarily high use on weekends. Not only does this make for unpleasantly crowded camping, it damages the natural resource as increasingly large areas are impacted. Intermediate level backcountry campers need to plan your overnight stay on a Monday – Thursday night. Due to the difficulty in finding legal campsites once the pre-existing campsites are occupied, this is an Advanced Level route on weekends (Friday night – Sunday night). Please note that for weekend trips, there are many other beautiful and less crowded options at Shenandoah National Park!
